

# The Enhancer

**The Enhancer is an all natural CO<sub>2</sub> generator made from 100% organic ingredients.**

**This safe and effective solution for CO<sub>2</sub> supplementation creates a blast of CO<sub>2</sub> that can reach 1200 PPM in a 12x12x12 area for up to 2 weeks.**

**Activate The Enhancer by adding 1 litre of warm water, placing the lid back on, removing the sticker on the lid, covering the small hole with your thumb and giving the bottle a quick shake.**

**The Enhancer works off the natural phenomena known as photosynthesis and will begin to disperse CO<sub>2</sub> within a few minutes of being activated.**

**For optimal performance shake The Enhancer once a day in a 12x12x12 area and once every second day in a 6x6x6 area.**

**The simplicity and ease of use, along with the fact that The Enhancer does not produce heat or require any additional equipment, make this the future of CO<sub>2</sub> production.**
